

TOOL

EXAMPLE

PUNCHNEEDLE
1 tool + 1 wool needle
REF. U1899/10

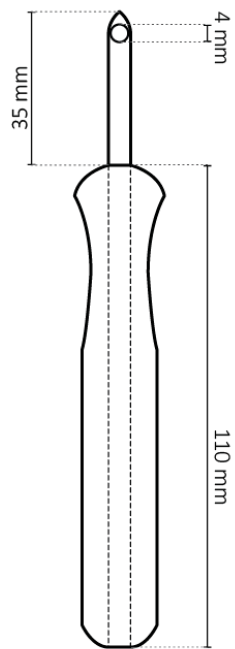

**WOOL
AND THE
GANG**

**D·M·C**

SIRDAR

TOOL

1 Punch Needle tool Exclusif DMC

Steel needle and wooden handle.
REGULAR / 10

- The handle measures about 11 cm, which allows a good grip.
- The needle measures 3,5 cm, which allow short and regular curls.
(= SIZE 10).
- The diameter of the needle is 4 mm which allow the use of thick yarns.
(= REGULAR).
- The metal insert (the needle) extends the length of the handle so that the yarn slides well inside and is well maintains.

1 wooden needle

16,5 cm long needle

- The needle allows the yarn to pass easily through the handle of the tool and then through the needle.
- It's very qualitative and can also be used to hide the yarns at the end of the work or other finishes.

Le packaging

Similar to the DMC hook pack.

The + : didactic instructions (drawing) printed on the pack.

FABRIC + HOOP

The Punchneedle is made **on canvas**. We recommend using **an embroidery fabric**.

The **toile Aïda 2,4 pts** is perfectly suited to the size of the tool and the yarns. It's solid and the holes are clearly visible. To facilitate the use and insertion of the needle into fabric, we have **softened it**.

To facilitate the realization, it's necessary that the fabric is very well stretched, **the use of and embroidery hoop is then essential**.
